

PEERLESS TRACTOR QUICK HITCH

This 3 point lift attachment has a pulling capacity of 10 tons. The handle and hitch are offset for easy visibility from the tractor seat and if you happen to bend a pin, it has been designed for easy replacement. It has been gusseted for strength with a stress proof $\frac{3}{4}$ " rod and hooks to your tractor with category 2 pins. This is definitely a time and back saver!
